TEAMWORK TUESDAY

“Spread The Word” Chain Competition

Not that many people know about National Youth Week. So, it is our job to spread the word! First: Assemble your team of 2-10 people. Each person in your team is required to reach out to at least 5 people, and “Spread The Word.” For every person you reach out to, they will count as a single link. Your team's goal is to get their chain as long as possible. At the end of national youth week, post a picture with your team to show the length of your chain. The team with the longest chain will get a Giftcard and a shoutout on our Instagram, TikTok, and Website. Goodluck!
